

## POLYESTER STUDIO

Turning Special Ideas Into Reality

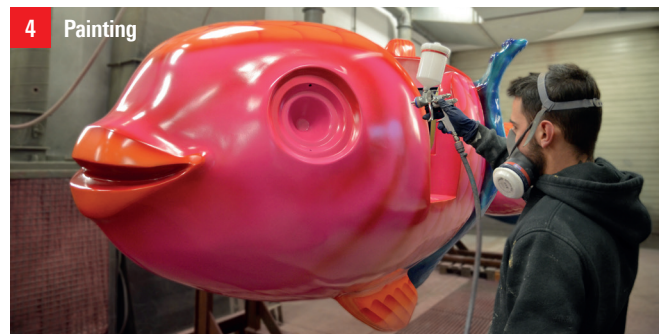

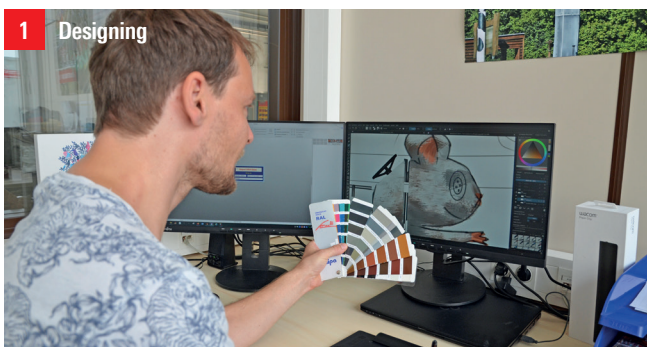

## ARE YOU LOOKING FOR A RELIABLE PARTNER?

### We ...

- ... manufacture high-class individual products or small batch series out of fiberglass-reinforced plastic (FRP).
- ... offer a competent and transparent service.
- ... guarantee a precise, flexible and fast processing of your order.
- ... dispose of high knowledge in the hand lay-up processing.

## WHY ZIERER?

### We ...

- ... do all processes in-house: designing, modeling, laminating and painting.
- ... impress with our creativity and our custom-made products.
- ... can rely on over 50 years of experience manufacturing FRP parts.
- ... are a certified company according to ISO 9001:2015.

In our **POLYESTER STUDIO**, we employ at the moment 12 skilled workers at our production premises with over 3,400 m². Our production halls are equipped with modern extraction units, sandblasting, coating and painting shops (each with approx. 12m length x 4m width), drying booth, CNC milling machines (5.5m length x 1.2m width x 2.1m height) and an artist's workshop.
